

Symbiosis Personal Ads

*Read about Symbiosis on page 93 of the textbook then complete the activity below.
You must read very carefully!*

Objective:

Create a “personal ad” to illustrate the symbiotic relationship between two different species of your choice.

Instructions:

2. Choose a symbiotic relationship (i.e. Parasitism, Mutualism, Commensalism)
3. Identify two organisms that have this type of relationship.
4. Choose one of the organisms to be “you,” and the other organism will be your “soul mate!”
5. Design a personal ad to attract your ideal partner, as follows:

Write a catchy ad line at the top (make yourself sound as attractive as possible!)

Draw a color picture of yourself

Describe each of your most symbiotically attractive attributes as bullet points

Write a title identifying the organism you are seeking as an ideal partner

Draw a color picture of this organism

Describe the characteristics that you are looking for in your partner (be creative!)

Decorate the page with color

Back Page:

Write the name of your symbiotic relationship (i.e. Parasitism, Mutualism, etc.)

Define the word

Describe in complete sentences how the two organisms in your personal ad demonstrate this symbiotic relationship
